Aircool Electrical & Mechanical company W.L.L

COMPANY PROFILE

↑ RISING TO THE CHALLENGE

► PREAMBLE

AIRCOOL ELECTRICAL & MECHANICAL CO. W.L.L(AEM) has grown substantially over the years and has become a dominant force in its areas of operation. It was established with the aim of providing specialized services in the field of Piping Fabrication and Installation, HVAC Systems, Electrical and Mechanical Service, Corrosion protection, Insulation works and more.

Our objective is to maintain our growth strategy by building on our position as the market leader in the areas in which we operate. Our QA/ QC and HSE systems and procedures are being continuously updated to ensure full compliance with market standards. Such standards are being implemented to ensure a high level of workmanship, material quality, and timely completion of projects to the satisfaction of our clients.

We believe in capitalizing on our main asset, which is our workforce, by initiating continuous programs which enhance our employees' development. Training is undertaken to maintain a high standard of performance and safety.

► OUR VALUES

Our Company's foundation is built on our values, which distinguish us and guide our actions. We conduct our business in a socially responsible and ethical manner. We respect the law, support universal human rights, protect the environment, and benefit the communities where we work.

We are honest with others and ourselves. We meet the highest ethical standards in all business dealings. We accept responsibility and hold ourselves accountable for our work and our action.

We trust, respect and support each other, and we strive to earn the trust of our colleagues and partners.

We learn from and respect the cultures in which we work. We value and demonstrate respect for the uniqueness of individuals and the varied perspectives and talent they provide. We have an inclusive work environment and actively embrace a diversity of people, ideas, talent and experiences.

We seek new opportunities and out of the ordinary solution. We use our creativity to find unexpected and practical ways to solve problems. Our experience, technology and perseverance enable us to overcome challenges and deliver values.

We have an unwavering commitment to being a good partner focused on building productive, collaborative, trusting and beneficial relationships with Government, other companies, our customers, our communities and each other.

► OUR MISSION

We believe that consistent, ethical and quality performance with our customers, vendors, employees and community will result in loyal, long-term relationships. Our service should exceed industry standards and be the best value for the customer. We can never be less than the best.

► OUR VISION

We believe that consistent, ethical and quality performance with our customers, vendors, employees and community will result in loyal, long-term relationships. Our service should exceed industry standards and be the best value for the customer. We can never be less than the best.

► OUR PROMISE

We strive for the highest human values in our workforce who works with integrity & safety to provide the best possible services to our clients...
